SUMMARY

As a dedicated Full Stack Developer, I bring a wealth of practical experience from freelancing and executing numerous real-world projects. My technical proficiency is further enhanced by an AWS Certified Cloud Practitioner Badge, showcasing my adeptness in cloud infrastructure and services. My commitment to continuous learning and professional development is evidenced by completing a Virtual Internship at Bharat Internship, where I honed my skills in a dynamic work environment. Additionally, holding an Official Microsoft .NET MVC Certification underscores my expertise in developing robust, scalable web applications. This unique blend of hands-on experience, specialized certifications, and a passion for technology positions me as a valuable asset to teams looking to innovate and excel in the digital landscape..

TECHNICAL SKILLS

Languages: Javascript, TypeScript, Python, .NET, Node.JS
Frameworks: NextJS , Django
Developer Tools: Git, Github, AWS, VSCode, MySQL, MongoDB
Libraries: React , Redux , Socket.IO , Numpy, Pandas
